

*Rutherford & Singelstad*

March 26, 2008

To Whom It May Concern:

We have had the pleasure of working with A&M Lath and Plastering over the last eight years and have found them to be an excellent company to work with.

The quality of their workmanship from lathing thru the finished project is very good and they have a real appreciation of the necessary aesthetics required by us and our clients.

We would strongly recommend A&M Lath and Plastering for both exterior stucco and interior plastering.

Feel free to contact us if you would like to at (510) 965-0038.

Sincerely,

Peter Singelstad and Dean Rutherford
