Altamira Construction Company prides their self in their quality work and craftsmanship. So when its time to hire a subcontractor Altamira Construction only works with the best. A&M Lathe & Plastering is by far one of the best companies Altamira Construction has ever worked with. . The quality of the work is far beyond excellent. A&M Plastering has no room for mistakes for they always complete every project perfectly and on time

Altamira Construction Company only works with the best and A&M Plastering certainly is one of them!

To Whom It May Concern:

We have had the pleasure of working with A&M Lath and Plastering over the last eight years and have found them to be an excellent company to work with.

The quality of their workmanship from lathing thru the finished project is very good and they have a real appreciation of the necessary aesthetics required by us and our clients.

We would strongly recommend A&M Lath and Plastering for both exterior stucco and interior plastering.

Feel free to contact us if you would like to at (510) 965-0038.

Sincerely,

Peter Singelstad and Dean Rutherford
