RE: A&M Plastering Letter of Recommendation

To Whom It May Concern:

I am writing this letter on behalf of Moises Gostelurn of A&M Plastering. I am a General Contractor and have provided high end residential remodeling and new construction building services in the Bay Area for twenty years. Any general contractor knows what a struggle it can be to find a high quality residential plasterer, and I consider myself fortunate to have found A&M Plastering.

Three years ago A&M Plastering was recommended to me by a fellow contractor. Since then, Moises has completed three residential homes and numerous smaller projects for my company. Without a doubt, A&M Plastering is the best plastering subcontractor I have worked with. His work is impeccable and working with him is always a pleasure. On rare occasions where there has been a problem, he has always addressed the issue to my complete satisfaction.

Now, I would not consider using another plastering subcontractor. Moises is one of my best subcontractors and I readily recommend his company to anyone seeking high quality plastering.

A handwritten signature in blue ink that reads "Gregg Hansen".
